TAPE CT

CT Glass fibre tape that is filled with an inner core of glass fibre. Class C 450°C

• Working temperature -60°C - +450°C
• UV resistant
• Flexible
• Mechanically strong

PRODUCT INFORMATION

A binding tape with excellent temperature characteristics, easy to work with in tough environments.

Typical applications
Electric motors. Especially suitable for banding motor windings.

Properties
• Class C 450°C
• Mechanically strong
• Flexible
• UV resistant
• Soldering resistant

Composition
• Braided fibre glass tube around an inner core of woven glass rope.

Colour
• White

Packaging
• On bobbins 25-100 m
• Standard dimensions Ø8 mm, Ø10.5 mm
  Other dimensions on request.

Technical data
• Temperature: Work temp. -60°C - + 450°C
  Intermittent +550°C

Approvals, standards
• NF EN 60695-2 (07-2001)
