PRODUCT INFORMATION

RT tape is particularly suitable for the binding of windings, coils and coil ends.

Typical applications
Suitable for the binding of windings, coils and coil ends in electric motors where high tensile strength is required.

Properties
• High tensile strength
• Easy to work with

Composition
• Consists of durable rayon yarns which are bonded with high heat resistant adhesive.

Colour
• Natural

Packaging
• See article list

BINDING TAPE RT

B Binding tape polyester tape type RT
Temp Class B (130°C)
Consists of strong polyester yarns, bonded with high heat resistant adhesive.

• High tensile strength
• Easy to work with

Technical data
• Temperature Class B 130°C, Temp. Class F 155°C after impregnation.
• Max elongation: 14 +2 %
• Tensile strength: 4 kg/fibre (RT4 =16 kg)
• Thickness: 0.25 mm
• Specific weight: 1.52
• Decomposition temperature: 175-205°C
