

**CARBON BRUSHES FOR WIND POWER**

Carbex develops carbon brushes in copper and silver designed for use in extreme environments, including cold and warm climates, low or high humidity, for onshore and offshore wind turbines.

Following brushes are a selection of standard brushes for common Wind Turbine brands.

\*  
Available in different grades for all operations

\*\*  
Available in copper or Sandwich design

**PRODUCT AND DATA  
SHEETS FOR

**POWER BRUSHES FOR THE MULTIBRAND MARKET**

**MULTIBRAND**

**40x20x100 mm**

Copper Graphite \*  
Radius: to specification  
Cable length: to specification  
2x silver plated, insulated  
Terminal straight open M8  
Supplied for: Siemens, Loher, Winergy, GE, Senvion, most of the Chinese turbine brands

**MULTIBRAND**

**40x20x80 mm**

Copper graphite \*  
Radius: to specification  
Cable length: to specification  
2x silver plated, insulated  
Terminal: straight open M8  
Supplied for: Suzlon, Nordex

**GAMESA**

**40x20x42 (50) mm**

Copper graphite \*  
Radius: to specification  
Cable length: to specification  
2x silver plated, insulated  
Terminal straight open M6-M8  
Supplied for Gamesa

**ABB**

**26x26x70 mm**

Copper graphite \*  
Radius: 110  
Cable length: 185/275/365 mm  
2x silver plated, insulated  
Terminal: M8  
Brush set  
Supplied for: ABB

**GROUNDING BRUSHES FOR THE MULTIBRAND MARKET**

**MULTIBRAND**

**25x12,5x64 mm**  
Copper Graphite \*\*  
Radius: to specification  
Cable length: to specification  
Tinned copper, insulated  
Terminal straight open, M6  
Supplied for: Siemens, Loher, Winergy, GE, Senvion, most of the Chinese turbine brands

**MULTIBRAND**

**20x8x50 mm**  
Copper Graphite \*\*  
Radius: to specification  
Cable length: to specification  
Corner mounted copper  
Terminal straight open, M6  
Supplied for: Siemens, Loher, Winergy, GE, Senvion, most of the Chinese turbine brands

**MULTIBRAND**

**20x8x64 mm**  
Copper Graphite \*\*  
Radius: to specification  
Cable length: to specification  
Corner mounted copper  
Terminal straight ring, M6  
Supplied for: Siemens, Nordex, VEM, Senvion, most of the Chinese turbine brands

**GAMESA**

**40x20x40 (42/50) mm**  
Copper graphite \*  
Radius: to specification  
Cable length: to specification  
2x silver plated, insulated  
Terminal: straight open M6-M8  
Supplied for Gamesa
